ABSTRACT

Language: The abstract will be elaborated in English or French.
Paper title. Concise and informative. Titles are often used in information-retrieval systems. Avoid abbreviations and formulae where possible (all caps, bold, centred, 20 mm below upper margin, one column 130 mm width, font Georgia 14 pts., one space after the title)

Author names. Initials for first name and complete for last name, without title or profession: all caps, bold, italics, centred, on one centred column 130 mm width, font Arial Narrow, 12 pts

Affiliation: italics, upper and lower cases, centred, on one centred column 130 mm width, font Arial Narrow, 11 pts. Provide the full postal address of affiliation, including the country name, each affiliation on separate line, one clear line between affiliations.

Corresponding author. Clearly indicate who will handle correspondence at all stages of refereeing and publication, also post-publication, as a foot note. Ensure that the e-mail address is provided in addition to the complete postal address, font Arial Narrow, 10 pts.

Abstract. The abstract should count 200-250 words, on one justified column of 130 mm width, font Arial Narrow, 12 pts, justified. It must not exceed one page (formula, figures and tables included) and should be written compulsory in English or French. It should clearly present the aim of the work and the methods that have been used (what has been studied), the main results and the conclusions drawn on the basis of the results. The abstract has to be clear, concise and focused on the subject. Avoid presenting general things. An abstract is often presented separately from the article, so it must be able to stand alone.

The instructions for writing the abstracts are presented on the conference web page <http://cisaconf.ub.ro>.

In order to publish the conference volume, authors are asked to send the abstracts in French / English to secretariat_cisa@yahoo.com and online <http://conferences.ub.ro> or <http://ub.ro/regist/index.html>.

Each abstract will be reviewed and decision of the Scientific Committee will be communicated to the corresponding author until April 19, 2019.

PAPERS

Only the papers selected will be published in:

- **Scientific Study & Research – Chemistry and Chemical Engineering, Biotechnology, Food Industry**

The instructions for writing the paper are presented on the webpage: <http://pubs.ub.ro/?pg=revues&rev=csc6&sc=instructions>
The papers published in the journal are indexed in **THOMSON ISI - WEB OF SCIENCE**.

- **Journal of Engineering Studies and Research**

The instructions for writing the paper are presented on the web page <http://pubs.ub.ro/?pg=revues&rev=jesr&sc=instructions>
The papers published in the journal are indexed and abstracted in International Data Bases.
